Life Science and Medicine THE SHAW PRIZE LECTURE

The Shaw Prize was established under the auspices of Sir Run Run Shaw to honour scientists who have achieved significant breakthrough in academic and scientific research or application, and whose work has resulted in a positive and profound impact on mankind. The Shaw Prize consists of three annual prizes: Life Science and Medicine, Astronomy, and Mathematical Science. The winner of The Shaw Prize in Life Science and Medicine in 2005, Professor Sir Michael Berridge, will visit the University of Hong Kong to speak about his work.

"Calcium Signalling in Health and Disease"

by

Professor Sir Michael Berridge
Babraham Institute, Cambridge, UK

on

Monday, September 5, 2005, 5:30-6:30 pm
